

# 50-3000 Viper® VG1500™ Leverage System

*With the Viper® VG1500 you'll strengthen and build your entire body. No drab grey workout here, and innovation doesn't stop with the orange color. The leverage system lets you lift effectively like free weights yet is safe—no spotter needed—for bench press, chest fly, shoulder raise. The high and low cable pulley stations add leg extensions, standing hip adduction/abduction, lat pulldown, standing and seated row, bicep curl, tricep pressdown, and abdominal crunch.*

- Leverage bar for safety, but lifts like free weights
- Leg lockdowns for lat pulldown
- Seat adjustable to four heights
- Seatback adjustable to four positions
- Includes lat bar, curl bar, and foot strap
- Includes workout guide with over 15 lifting exercises
- High and low cable pulley stations
- Deluxe high density boxed upholstery
- Durable powder coated finish
- Assembled dimensions: 5' 4" wide x 6' 10" long x 6' 8" high
- Weight: Approximately 180 lbs.

\*Plates sold separately
