

# 55-4150 The Stand

## **Features:**

- **Lifts the Pilates off the floor**
- **Heavy-duty steel frame**
- **Easy to assemble**
- **Easy to store**

*The Stand is built to last and with convenience in mind. This easy to assemble platform was designed to elevate your Pilates machine making it easier for mounting and dismounting. By elevating your machine you will be able to perform more advanced exercises that require ground clearance. The six easy-to-remove pull pins allow you to assemble and disassemble your stand with ease.*

**For use with the 55-4300, 55-4350, 55-4650, and 55-5510**
