touch away...

R100
Massage Lounger

Repose R100 Massage Lounger

Your personal physical therapist....

3 Automatic Massage Programs

Enjoy intelligent pre-programmed massage cycles.

Kneading and Knocking Massages

Simulate human hands performing Shiatsu and Swedish massages.

Repose R100 Massage Techniques:

Knead

A kneading massage forces the tension from the muscles resulting in extremely relaxed muscles.

By applying pressure and rubbing in the same direction as blood flows to the heart, circulation is enhanced while your ligaments and tendons are stretched helping to keep them flexible.

Knock

A knocking massage uses a tapping method to relieve stiffness and muscle fatigue.

The massage technique also stimulates and soothes the nervous system helping to reduce physical and emotional stress.

With the knocking, kneading and rolling massages, the R500 can perform numerous massage techniques including Shiatsu and Swedish massages.

Auto Timer

Automatic timer allows you to specify the length of each session.

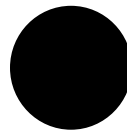

Trendy Design

Fashionable styling makes the lounger the total package.

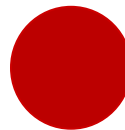

Total Remote Control

The control panel is easy to use and allows you to select personalized massage programs by the touch of a button.

The new R100 is available in:

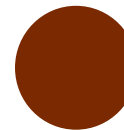

Black

Burgundy

Green

Brown

Technical Specification:

Model	: R100
Electricity	: AC110V/220V 50-60 Hz
Power Consumption	: 190 W
Auto Timer	: 10-30 minutes
Dimensions	: Approx.48 (L) X 31(W) X 42.5(H) (Upright) Approx 65 (L) X 28.5(W) X 42.5(H) (Reclined)
Net Weight	: Approx. 180 lbs
Max Weight Capacity	: Approx. 260 lbs

Warranty Information:

Three years parts, one year labor limited warranty for mechanical defects and workmanship.
