New GK Massage Rollers

■ **Exclusive GK Roller Technology** reaches out and comfortably squeezes to massage shoulders and neck area to emulate the "grasping and kneading" of a live massage.

■ **Stiffness Sensor** locates areas of physical stiffness and gives personalized massage. Gauges fatigue by changes in perspiration and pulse rate. Choose from 4 different fully automatic sensor courses.

■ **Physical Shape Sensor** adjusts massage rollers automatically to your body shape and shoulder height even if your body position changes during massage or when reclining.

■ **Leg/Foot Massage** via air bags with exclusive multi-point heated shiatsu massage. Heated massage helps promote circulation and relaxation. Can be used with or without heat.

■ **Repeat Button** for continual massage in targeted areas.

■ **5 Width Settings** to fit your personal size.
