

# Power II™ Inversion Table

## Specifications:

### Features

Motorized control allows for smooth gradual rotation and negates the need for individual user adjustments.

Unlike other motorized inversion tables the Power II can rotate to full 90 degree inversion, the only angle recommended for inverted sit-ups and squats.

Patented interlocking gears fix the table at any desired angle for stretching or exercising without bed movement

Features hand crank for self rotation in the event of power failure

Washable padded vinyl table bed is durable and comfortable

Reinforced steel, triple plated chrome, and scratch resistant finish construct a exceptional product

Curved high density foam ankle clamps and ergonomic pin provide security and comfort

Patented orange warning circle on ankle clamp locking pin alerts users if the pin is not fully engaged; a unique item to help ensure user security

### Warranty

2-years

### Instructions

Product can be supplied with instructions in a variety of languages, as well as optional English book and instructional video

### Motor

UL listed. 115 volts, 1 Amp, 60 Hertz. *Other voltage configurations available by special order*

### Assembly

Arrives mostly assembled, legs and handles must be attached

### Maximum user height

198 cm (6'6")

### Maximum user weight

136 kg (300 lbs)

### Assembled dimensions

132 x 89 x 152, 211 cm at 90-degrees(52 x 35 x 60, 83 inches at 90 degrees)

### Packaged dimension

125 x 91 x 33 cm (49 x 36 x 13 inches)

### Packaged weight

50.45 kg (111 lbs)

### Patents

USA and International apply

### Origin

Made in Korea

## Ratings and Classifications:

### UL Listed

UL Listed under standard 1647, the standard for motor-operated exercise machines

### CE

CE classified to the Medical Device Directive 93/42/EEC

### Independent testing

Withstands tough national testing standards for medical equipment requiring a 400% safety factor
