

"SPACESAVER" FOLD-A-MATIC

ASSEMBLY INSTRUCTIONS

PARTS IDENTIFICATION: 1) Drawing Board;
2) Board Mounting Brackets; 3) Frame;
4) Adjustable Swivel Glides; 5) Angle
Adjustment Brackets; 6) Angle Adjustment
Knobs.

IMPORTANT: Frame good for two size tops,
24 x 36" and 31 x 42".

*Parts in plastic bag include:
8 assembly screws.

ASSEMBLING FRAME TO DRAWING BOARD

- 1) Untape protective cardboard inserts.
- 2) Place drawing board on floor, be sure to protect surface.
- 3) Measure 5" from base edge of board for 24 x 36" size and place frame on board. For 31 x 42" size place 7" from edge as shown in illustration B.
- 4) The frame should now be centered on the board. Punch through holes and insert 4 screws in each of the 2 mounting brackets. (Item #2)
- 5) Level the legs with the adjustable swivel glides. (Item #4)

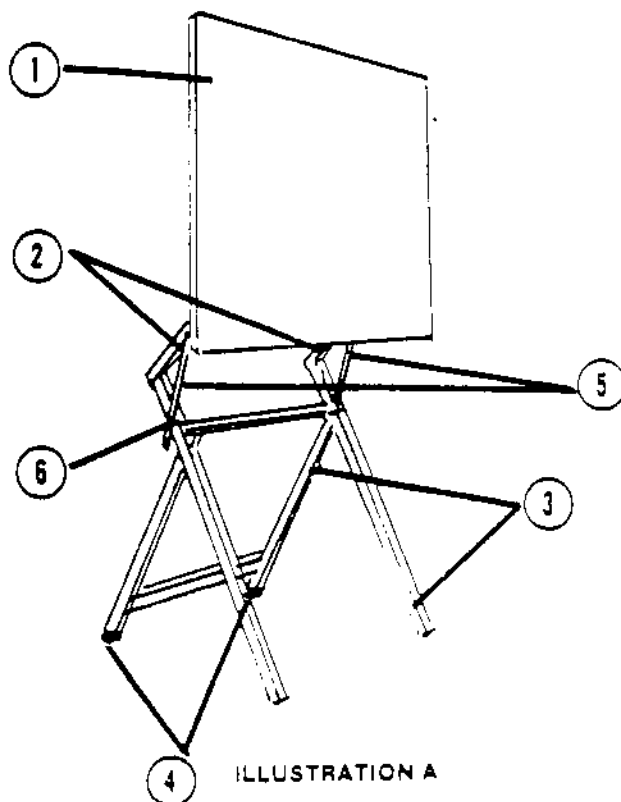

ILLUSTRATION A

FOLDING TABLE

- 1) Release knobs on the mounting bracket until the bracket and board are vertical with the frame.
