

## Conversion Instructions

Place gripper (Certain models are pre-installed) on seat deck, as shown above.

With your futon frame in the **Seated Position**; lay your futon mattress flat. Line up the mattress so it is flush with the seat deck.

With both hands in the center of the mattress, push the mattress straight down to the back of the seat deck. You will feel the spring tuck

Tuck the mattress evenly from left to right - it should leave a nice clean crease.

**To Open** -with both hands in the center of the seat deck, lift up and out!

**PUT A LITTLE PRESSURE** back on the seat deck and it will open smoothly. It is now locked in the bed position.

### CHECK FUTON POSITION FOR WALL CLEARANCE

**To Close** to the seated position.

From either side, lift from the back while pushing down on the center of the seat. It is now locked into the seated position.
