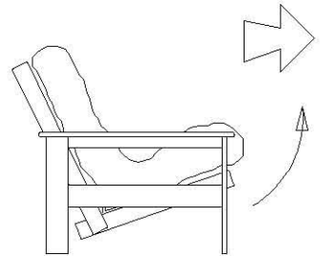
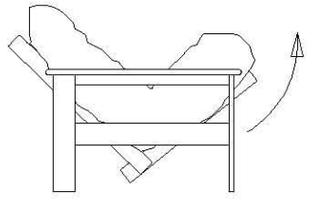
Converting your Sofa Bed Convertible:

Converting from Sofa Position to Bed Position



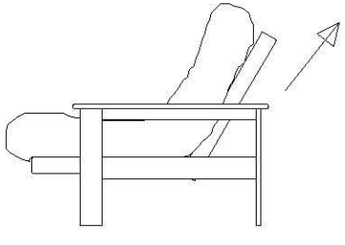
Step #1

From Seat position, lift Seat Deck upwards as shown.



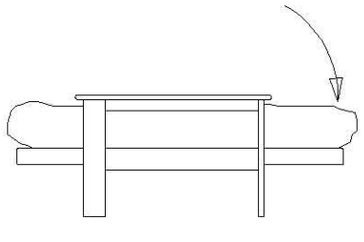
Step #2

Keep lifting until Back Deck slowly moves towards Bed position



Step #3

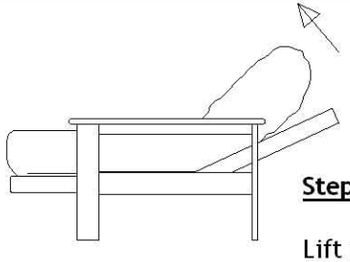
Once Back Deck is completely resting on Back Stretcher Rail, pull Seat Deck upwards as shown to unlock.



Step #4

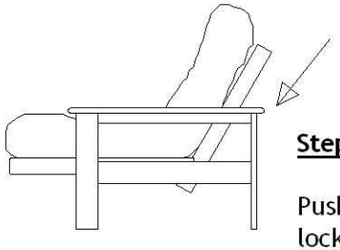
Finally, drop Seat Deck so that it rests on the front stretcher rail.

Converting from Bed Position to Sofa /Lounger position



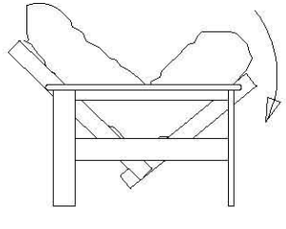
Step #1

Lift up Mattress as shown (seek assistance for easy handling), then lift up Seat Deck.



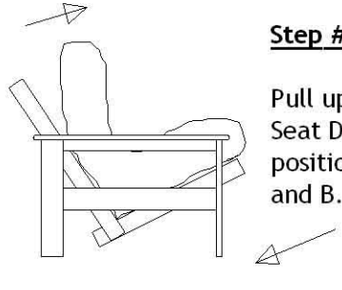
Step #2

Push down Seat Deck diagonally to lock in place. Gently push down to ensure that the deck is locked in proper position.



Step #3

Once Seat Deck is securely locked in position, push it down to rest on front stretcher rail.

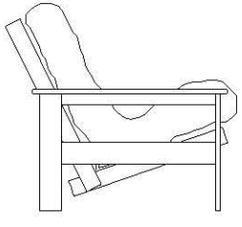


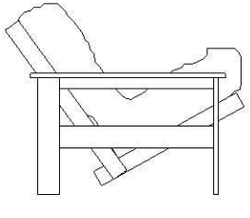
Step #4

Pull up mattress as shown and push in Seat Deck to either Lounge or Seat position as illustrated in diagram A and B.

Note: Remember not to force your futon frame when converting. A new inner spring mattress or heavy futon mattress can be difficult at first but will eventually get easier with use.

A - Sofa Position





B - Lounger Position
