

## SAM™ Essential Tools

### SAM™ Pick-Up Tube

SAM™ Pick-Up Tube makes picking up tennis balls fun, quick and effortless. Lightweight and easy to manoeuvre, without marking or scratching the court surface. The SAM™ Pick-Up Tube hangs on fences when not in use... kids love it.

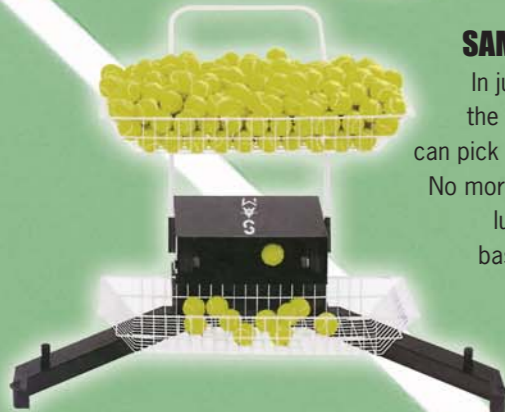

### SAM™ Coaching Basket

SAM™ coaching baskets are a faster way of picking up tennis balls, allowing you to pickup 100 tennis balls saving you valuable time and allowing you to get on with your tennis. Made from durable thick gauge metal to last for years, its plastic coated feet will ensure scratch free usage.

### SAM™ Ball Mower

In just a single minute the SAM™ ball mower can pick up over 200 balls. No more bending over, or lugging heavy bulky baskets, or spending precious time collecting balls.

A detachable polyurethane coated basket holds over 240 balls at a time. The ball mower is also ideal for use as a teaching cart. The entire unit packs into the basket for compact storage, making it convenient for transporting. Constructed from heavy-duty metal with rust resistant powder coating the SAM™ ball mower is made to last.

## SAM™ Commercial

### SAM™ Coach

Serving value. We talked to court owners and operators across the country to find out what they wanted in a commercial machine. We listened, took notes, then built two new exciting machines, the SAM COACH™ & SAM SPORT™ Commercial grade machines with all the features of the expensive models, but at an affordable price.

- Variable spin (top/back)
- Variable speed (30km/h – 150km/h)
- Variable ball feed rate (1.5 – 8 sec.)
- Manual elevation (Groundstroke to lob)
- Programmed or random shot sequence
- Full 6 shot, 7 position shot selection
- Holds 250+ balls
- 3 year limited warranty
- Optional remote control available
- Dimensions: 35" x 25" x 50"

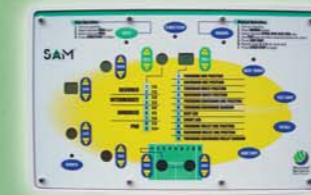

### SAM™ Sport

- Variable spin (top and back)
- Variable speed (30km/h – 150km/h)
- Variable feed rates (1.5 – 8 sec)
- Manual elevation (Groundstroke to lob)
- Full 3 shot, 7 position shot selection
- Holds 250 balls
- 3 year limited warranty
- Dimensions: 35" x 25" x 50"

## SAM™ Commercial

### SAM™ Millennium II

- Unique AUTO and MANUAL programs which allow for customisation
- The AUTO program allows a choice in skill level and one of eleven pre-programmed drills. SAM™ Millennium II will automatically adjust to propel the ball at the rate and spin most appropriate for the chosen skill level
- The MANUAL program allows the speed (20 – 150kph), spin (top/back), elevation, and feed rate (1.5 – 8 sec.) to be customised
- Full 9 shot, 9 position shot selection
- Remote (ball feed on/off)
- 250 ball capacity
- 3 year limited warranty
- Optional full control panel, tethered remote
- Dimensions: 31" x 26" x 56"

### SAM™ Accessories

- Mains power pack
- Extended life battery pack
- 110v or 220v AC/DC converter
- Satellite Pro™ tennis balls
- Extreme™ pressureless tennis balls
- Target cones
- Vinyl cover
- Professional Tennis Tracking System

# SAM™ SPORTS ACTION MACHINE

SAM™ has a long standing reputation in being the world's #1 when it comes to tennis ball propulsion systems. Developed by the world's top minds for the purpose of building better players.

SAM™ leads the way in technology when it comes to ball machines. Having developed the world's fastest tennis ball machine, SAM™ was also the first ever to develop a serving machine with on board computer to aid shot delivery. This allows you to program the SAM™ ball machine with over 10,000 different shot variations or simply choose from one of its 99 different program drills. SAM™ was the first machine to offer a pre-programmed player level workout mode to challenge beginners through to advanced professional players.

SAM™ is also the first machine with pre-programmed drills to cater for wheelchair tennis athletes. SAM™ doesn't just make the world's best ball machines, it creates the world's best players.

...only SAM™ can take  
you to the next level!

## SAM™ Sports Action Machine

With years spent in development, SAM™ is the cutting edge in computerised ball propulsion technology. This Super Robot has all the unique features and capabilities the best minds in tennis and science can conceive.

- Up to 10,000 shots in database
- User controls speed, depth and time between shots
- Ready light lets players know a shot is coming
- Match Play program simulates real points at eight different skill levels
- Elevates to 9-feet, 5-inches tall to ensure realistic service trajectory
- 200 ball capacity
- Plugs into standard electrical outlet
- Delivers right- or left-handed flat, slice and kick serves at world class speeds
- Simulates actual points with varying shot sequences at eight skill levels
- Lobs, drop-shots, volleys and almost any shot there is
- Top spin, underspin, slice or flat (10,000 total shots in database)
- Constant repetition to correct weaknesses
- Different shots, in sequence, to mimic specific players

## i-SAM™

The i-SAM™ range has been designed for the home user, looking to develop their skills without waiting for a hitting partner. It's lightweight and compact design allows anyone from the young and aspiring junior to practise without hindrance, delivering all the speed required for a great workout. It's 250 plus ball capacity makes it the biggest in it's class, so you spend more time hitting and less time picking up tennis balls.

- Variable Speed Control (25 km/h – 100 km/h)
- Variable Ball Feed Rate (1.5 – 15sec. Intervals)
- Manual Elevation (Groundstroke to Lob)
- Random Oscillation (One position or Full Court)
- 250+ Ball Capacity
- Heavy Duty Rechargeable Battery
- Approximately 13kg
- One year parts and labour warranty

## i-SAM™ +

- LCD display for speed and ball feed rate
- 4 Function tethered remote up to 100'
- Manual Elevation (Groundstroke to Lob)
- Random Oscillation (One position or Full Court)
- Heavy Duty Long Life Rechargeable Battery
- Approximately 15kgs
- One year parts and labour warranty

### Options:

- Wireless Remote (Ball feed On/Off)
- Electric Only Option
- Extended Life Battery
- Storage Cover

i-SAM+ tethered remote

## SAM™ Portable

The SAM™ Portable range gives you the flexibility to move without being grounded. It's clever design and functions make it easy to move, setup and use. From it's convenient pull out handle to its 10 function wireless remote – control (SP-4 model) SAM™ really delivers.

Capable of 140 km/h ball speed, the SAM™ portable range is one of the smallest, lightest and fastest ball machines on the market. It's 300 ball capacity hopper will have you hitting twice as long as it's competitors.

- Variable Speed Control (15km/h – 140km/h)
- Variable Ball Feed Rate (1.5 – 13 sec. Intervals)
- Variable Elevation (Groundstroke to Lob)
- Random Oscillation (One position or Full Court)
- 300 Ball Capacity
- Heavy Duty Long Life Rechargeable Battery
- Approximately 20kgs
- One year parts and labour warranty

### Options:

- Electric Only Option
- Extended Life Battery
- 110v or 220v AC/DC converter
- Mains power pack
- Target buckets
- Satellite Pro™ tennis balls
- Extreme™ pressureless tennis balls
- Storage Cover
